

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicant : Wolrich, et al.                      Art Unit : 2187  
Serial No.: 10/780,330                      Examiner : Prasith Thammavong  
Filed : February 17, 2004                      Assignee : Intel Corporation  
Title : MEMORY MAPPING IN A PROCESSOR HAVING MULTIPLE  
PROGRAMMABLE UNITS

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

INTERVIEW SUMMARY

Attorney for Applicants thanks the Examiner for the Telephonic Interview conducted on 4/29/2010.

During the interview Attorney for Applicants explained how neither Tremblay, nor other references cited, teach the recited subject matter. Attorney for Applicants did express a willingness to amend the claims to expedite prosecution though no agreement was reached.

A notice of appeal remains pending.

Respectfully submitted,

Date: 5/26/2010                      /Robert A. Greenberg/  
Robert A. Greenberg  
Attorney for Intel®  
Reg. No. 44,133
